PROGRAMME

- Technical training
- Psychological training
- Course management

Places limited to 10 students.

Times can be adjusted according to the needs of the

DATES AND TIMES

Wednesday 17:30-19:30h (technique and psychology)

PRICE

€30 per session

WEEKDAY COMPETITION GOLF PROGRAMME

This programme is designed to help golfers aged between 14 and 18 to perfect their game and improve their performance. It offers individual attention tailored to address the specific needs of each student, while monitoring their competition results and physical fitness in order to bolster their strengths and develop new tools, both technical and psychological.

The programme kicks off with an interview with each student to analyse certain psychological aspects in order to draw up a personal training plan. Players will also receive a technical evaluation of their game to identify their specific needs.

The classes are held on the Camiral Golf & Wellness driving range and golf courses.

PROGRAMME

- Technical training
- Psychological training
- Fitness training
- Course management
